PARTNER PROGRAMME

Your customers already have the terminal. Wurxa makes it useful from day one.

Wurxa is HR and attendance software, built in Dubai. It reads punches live from the ZKTeco and Hikvision terminals you install and, in the UAE, ends the month in a checked WPS salary file. Refer the companies you already serve, in any country, and earn a share of what they pay.

15%
YEAR ONE
Of what your customer pays for their plan in year one.

10%
YEAR TWO
Of their renewal payment for the second year.

15% off

No fee, no target, no minimum number of customers.

WHAT YOUR CUSTOMER GETS

- Live punches from every branch, no attendance PC or server
- Up to 400 days of past punches pulled in
- Rosters, leave, overtime rules per country, and the UAE WPS SIF file
- Rafe, an AI assistant in English or Arabic
- Free for up to 5 employees; from AED 40 a month, includes the first 10 employees, billed yearly; AED 4 an employee a month for the first 50, less as you grow

WHAT YOU DO, AND WHAT WE DO

1. **You** send your link, or add the company yourself and invite them (see Set up Wurxa for your client).
2. **We** join your first install with you.
3. **You** look after the terminals. Software questions come to us and Rafe.
4. **We** approve your share 15 days after their payment and pay monthly by the 15th once it reaches AED 200. Commission on a refunded payment is cancelled or taken off your next payout.
